PROFESSIONAL SUMMARY

Full-Stack Developer with 4.5 years of professional experience, including nearly 3 years in web development using Python, Django, Django REST Framework, and React.js. Skilled in building scalable web applications, REST APIs, and responsive user interfaces, with practical experience delivering real-world projects including an AI assistant, a salon booking platform, and a full e-commerce solution. Hands-on with AI tools, prompt engineering, MCP (Model Context Protocol), and Claude Code CLI, with experience integrating AI models into production applications. Skilled in UI/UX prototyping with Figma. Strong analytical thinking, problem-solving, and cross-functional collaboration skills. Canadian Permanent Resident based in Toronto, open to new Full-Stack Developer opportunities.

TECHNICAL SKILLS

Backend: Python, Django, Django REST Framework (DRF)

Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap

AI & Automation: Prompt Engineering, AI Chatbot Workflows, Ollama, Gemma 3.4B, Claude Code CLI, MCP (Model Context Protocol)

Design: Figma (UI/UX Prototyping)

Database: SQLite, MySQL, Django ORM

Tools & APIs: REST APIs, Postman, Git, GitHub

Deployment: Render, Netlify, Vercel

Platforms: Microsoft 365 (Word, Excel, Teams, Outlook)

IDEs: VS Code, PyCharm, Jupyter Notebook

PROFESSIONAL EXPERIENCE

Full-Stack Developer – DoDAO Jan 2025 – Present

London, Ontario, Canada

- 1 Worked on full-stack web applications using Django and React.js in an AI-focused product environment
- 2 Built REST APIs for frontend integration and internal services
- 3 Developed responsive UI components using Tailwind CSS and Bootstrap
- 4 Contributed to feature development in AI-assisted workflows and automation modules
- 5 Handled debugging, deployment, testing, and maintenance of applications
- 6 Collaborated with team members to deliver product requirements in an AI-based startup environment

Web Developer – Blindwink Pvt. Ltd. Mar 2023 – Jan 2025

Bangalore, India

- 1 Developed and maintained web applications using Django, HTML, CSS, and JavaScript
- 2 Created dynamic Django templates and optimized SQLite/MySQL database operations
- 3 Worked on backend logic, API handling, debugging, and application improvements
- 4 Collaborated with team members to resolve issues and deliver responsive web solutions
- 5 Participated in requirement discussions and translated business needs into technical implementations

Networking Consulting Engineer – Aryaka Networks Mar 2019 – Jan 2020

Bangalore, India

- 1 Configured IPSEC tunnels and supported MPLS migration activities
- 2 Worked with engineering and operations teams for issue resolution and network enhancements
- 3 Monitored alerts, handled escalations, and provided technical support

Service Desk Engineer – Vodafone Sep 2018 – Mar 2019

Bangalore, India

- 1 Provided L1 technical support and ticket resolution.
- 2 Coordinated with teams to ensure service delivery and issue tracking.

PROJECTS

AIVA – Local AI Assistant

- 1 Built a local AI chatbot using Python, Django backend, and React frontend
- 2 Integrated Gemma 3.4B model using Ollama for local AI responses
- 3 Worked on prompt testing and response improvement for better conversational experience
- 4 Designed an interactive chat interface with real-time responses

GlamourHaven – Full-Stack Salon Booking Platform

- 1 Built a booking platform with React frontend and Django REST backend
- 2 Implemented user authentication, booking management, and admin dashboard
- 3 Integrated REST APIs and WhatsApp notifications using Twilio
- 4 Designed responsive UI for mobile and desktop devices

Creamy – Django-Powered Ice Cream E-commerce Website

- 1 Developed a full-stack e-commerce platform using Django, HTML/CSS/JavaScript, and Bootstrap.
- 2 Implemented user authentication, shopping cart, and order management with REST API integration.
- 3 Designed a responsive, user-friendly interface for desktop and mobile.
- 4 Integrated PayPal Sandbox for secure checkout and payment testing.

EDUCATION & CERTIFICATIONS

- 1 What Is Copilot? An Overview of Microsoft's AI Tools – LinkedIn, Issued May 2026
- 2 Google Prompting Essentials Specialization – Google, Issued May 2026
- 3 Generative AI: Prompt Engineering Basics – IBM, Issued May 2026
- 4 React JS Certification – Scaler, 2025
- 5 CS50's Introduction to Programming with Python – HarvardX CS50P, 2022
- 6 The Complete Python Bootcamp – Udemy, 2022
- 7 CCNP – Cisco Certified Network Professional, 2017
- 8 CCNA – Cisco Certified Network Associate, 2016
- 9 M.Sc. (IT) – Punjab Technical University, 2014
- 10 Bachelor of Arts – Punjab University, 2011
